

HexBlue™ 2132 Stealth

2132STL

HexArmor®

The HexBlue® 2132STL redefines the standards of tactility and functionality and ideally combines performance with comfort.

With a synthetic leather palm and a breathable back of hand, this glove supports your hands all day long. A sweat wipe on the back of the thumb, touchscreen compatibility and a hook-and-loop fastener for a secure fit round out the glove's features.
