The athletic D XT ESD is a highly tactile (18 gauge) and comfortable safety glove with cut protection level D: ESD capability according to EN 16350, protection against contact heat up to 100°C and suitable for handling food. And thanks to touchscreen compatibility with all common screens, tablets and mobile phones, there is no need to take off the uvex athletic D XT ESD. Put an end to single use, too: Industrial 60°C laundering and drying makes it possible to reuse at least five times. The product is designed to be particularly elastic and flexible. This ensures consistent sizes both BEFORE and AFTER the product has been industrially laundered and dried five times. In summary, the uvex athletic D XT ESD is designed for complete comfort: The "slim fit" design enables precise working with a high level of wearer comfort. And the fine-structured, open-pored Micro-NBR foam coating makes the gloves very breathable, which reduces excessive perspiration.
