

Product data sheet for uvex arc protect 1g

Hands are at the greatest risk of burns from short circuit electric arcs when working on electrical equipment. The uvex arc protect g1 protective glove provides safe protection against the thermal discharge of a short circuit electric arc. The modacrylic/cotton knit is flame retardant and protects the wearer from second-degree skin burns. The short circuit electric arc glove can also be combined with the uvex power protect V1000 electrician's glove.

Characteristics

- Ergonomic fit
- Extremely flexible
- Very good tactile feel

Suitability for industrial work environments

- Suitable for dry work environments

Material number 60838

7 - 11

Standard ISO 21420:2020,
