Product datasheet

Collonil Cover waterproofing spray 9698500

waterproofing spray
200 ml

PRODUCT INFORMATION

- Effective protection against dirt, dust and moisture
- Ideal for smooth/full-grain leather, synthetic, textile and high-tech materials plus shoes with membrane
- Suitable for use in enclosed spaces
- Gentle material care with natural ingredients including sunflower wax
- Vegan
- PFC-free/fluorine-free, tested according to DIN 14582
- In environmentally friendly pump atomiser, without propellant gases
- The environmentally friendly containers are made of polyethylene (PE) with more than 50% recycled content
- No dangerous materials, no hazard warnings on the back

Application

- Shake the bottle before use, hold it upright and spray it in short bursts from approx. 20 cm away. Distribute the liquid evenly using a sponge or cloth. Then leave it to take effect and allow to dry thoroughly before putting on. The product must dry for at least 24 hours. Roughen suede with a brush, if necessary. Polishing smooth leather increases the water-repellent effect. Repeated application increases the protective effect.
