

### Product datasheet uvex pheos forestry

Mips

#### Product characteristics:

- Set specially designed to meet the requirements of forestry work, consisting of the uvex pheos ABS B-S-WR, uvex pheos forestry worker visor and the uvex pheos K2P (mechanical).
- Optionally with Mips® brain protection system integrated in the industrial safety helmet
- Labelled with sticker set, including pre-mounted chin strap and signal whistle (not for Mips® variants)
- Fully integrated metal mesh visor with high transmission (light transmission) protects against foreign objects and ensures a clear view
- Highly dampening ear muffs (SNR: 30 dB) complete the system perfectly and reliably protect against the noise of chainsaws and brushcutters
- Three variable ventilation openings for maximum ventilation, ventilation in the direction of movement
- Interior with wheel ratchet system for stepless one-hand width adjustment

**Standard requirement and approval:**

The safety helmet combination of the uvex pheos forestry series meets the requirements of Regulation 2016/425 and is CE marked.

They comply with the harmonised standards EN 397:2012+A1:2012 and its optional requirements MM (Molten Metal) and low temperatures (-30°C), EN 1731 for the mesh visor and EN352-3 for the earmuffs.
